

The outline of Aerospace Symposium 2010

1. Date From 11/25/2010 (Thurs) to 27/11/2010 (Sat)
2. Venue Port Messe Nagoya (Nagoya International Exhibition Hall)
*Communication Center 3F Meeting hall/Meeting Room No. 3 and 4
* Exhibition hall No. 3 (part)

We will make use of the space provided by Nikkan Kogyo Shinbun Ltd. (Business & Technology Daily News), who holds their AITEC2010 (The 2nd Aerospace Industrial Technology Show 2010) at the same period, in the same exhibition hall.
3. Organizer Aerospace Symposium 2010 planning committee
(consisted of Aichi Prefectural Government, City of Nagoya, C-ASTEC,
Aichi Small Business Support Center and Nagoya Industries Promotion
Corporation)
Aerospace Industry Forum
4. Joint Organizer
(to be asked to join) Chubu Economic Federation, Nagoya Chamber of Commerce & Industry
5. Supporter
(to be asked to join) Ministry of Education, Culture, Sports, Science and Technology, Ministry
of Economy, Trade and Industry, Ministry of Land, Infrastructure, Transport
and Tourism, Gifu Prefecture, Mie Prefecture, JAXA, KUMA (Kodomo,
Uchu, Mirai no Kai), SJAC, Education board of Aichi Prefecture, Education
board of City of Nagoya, Education board of Gifu Prefecture, Education
board of Mie Prefecture, Nagoya University, Nagoya Institute of Technology
6. Purpose The aerospace industry is an important industry, which can take the lead in upgrading various
industries and its further development is strongly expected.

In particular, the aerospace industry in Japan is in now the stage of big changes, being placed in
the situation where we can see the development of nation's first commercial jet (MRJ), commencement
of commercial production of the Boeing 787 which has been jointly developed on a global basis
and privatization of the H-IIA launch vehicle.

The planned symposium aims to provide an opportunity for information exchange on the updated
movement and technologies in the aerospace industry. It also can be a new business chance to
those industries other than the aerospace industry, and we further aim to contribute to the developm
of the aerospace industry in Japan and its related technologies, with this area taking the lead.
7. Participants *Middle-ranking, small/mid sized companies who are interested in the aerospace industry.
(Encourage people to participate from a wide range of industries)
*Aerospace related companies
*Students who are interested in the aerospace (Information to be sent to elementary
schools, junior/senior high schools, universities and vocational technical colleges)
*Other general visitors

So far the following companies and organizations have been contacted for participation,
together with the latest situation.
IMH Display of engine, Lecture, Business matching and Consultation
MHI Display, Lecture, Business matching and Consultation
FHI Display, Business matching and Consultation
KHI Display, Lecture, Business matching and Consultation
Wada Aircraft Technology Co., Ltd. Display (and Consultation, etc.)
Bodycote Japan K.K. Display (and others)
Toray Industries, Inc. Display, Business matching and Consultation
Toyo Koku Denshi Co., Ltd (TKD) Display
Sanko Mfg. Co., Ltd. Display
KUMA Display, Lecture, Event
JAXA Goods, Consultation
Mitsubishi Materials Display, Searching for buyers, Consultation
Asahi Kinzoku Kogyo Inc. Display, Business matching, Consultation
College of Naka-Nippon Aviation Display, Recruiting
Systec Inoue Corporation Display, Business matching, Consultation
Tamagawa Industries, Ltd. Display, Business matching, Consultation
MEIRA Corporation Display, Business matching, Consultation
Nabtesco Corporation Display, Business matching, Consultation
Alex Japan Display (by panel)
Tohmei Industries Co., Ltd. Display, Business matching, Consultation
Tochigi Aerospace Industrial Promotion Conference Group display (by booth)
Symposium planning committee Panel display, Selling books
8. Entrance fee Nil
9. Schedule outline (1) Lectures on 25, 26 and 27/11/2010
Venue: Communication Center 3F, Meeting Hall (Class type, partly theater seats available)
Contents: Keynote speech, General speech

(2) Seeds presentation (25, 26 and 27/2010 planned)
Venue: Communication Center 3F (No.4 meeting room, class type)
Contents: Presentation of the results of one's studies by people from universities, research
centers and specialized institutions.

(3) Display on 25, 26 and 27/2010
Venue: No.3 exhibition hall (near the entrance to accessway to the communication hall)
Contents: Display stand 20 to 26 small stands to be used for a zone display
Participants are those related aerospace companies, universities and other organizations.

(4) Business matching, consultation on 25, 26 and 27/2010
Venue: Communication center 3F (No.3 meeting room - 8 to 10 small rooms)
Contents: Those big companies, about 8 companies planned, who will receive an order from parts
vendors, and those companies who wish to be able to place a parts order to those big
companies (prior application is necessary for final selection by those big companies)

Consultations on such issues like acquisition of relative certifications, general issues
in wide areas in the aerospace industry.
