

Greater Nagoya Initiative (GNI)

Aiming at promoting Greater Nagoya region, GNI was established in February 2006, with the participation of diversified entities including local governments, economic organizations, private enterprises, universities, research organizations, Japan External Trade Organization (JETRO) and Chubu Bureau of Economy, Trade and Industry (Chubu METI). It intends to create new business chances and pursues realization of a world-leading creative economic society by enhancing volume of information emitted to outside worlds, inviting superb technologies, information, business model and creative people to the region and bilateral activities of promoting business outside of Japan.
