

Company name	Nippon Kouatsu Electric Co.,Ltd. (UNITECHNOLOGY Co., Ltd.)	<p style="text-align: center;">【President】</p> 
President	Masaki Nakane	
Website	http://www.magnegraph.com/eng/index_eng.htm	
Technology/ Product Overview	Develops and manufacturers non-destructive magnetic inspection devices for spot welding. Does not require gels as one does in ultrasonic systems (no risk of residual gel), and this handy-sized mobile device can determine nugget growths without changing or installing large equipment into a running production line.	
Interested in:	Automotive,	
Seeking Collaboration in:	Selling Products,
